The current space of the office/warehouse building of SDHC in Carlsbad, San Diego cannot cope with the expansion of the business of SDHC (including its subsidiaries) in the USA. SDHC is required to lease third party warehouses to maintain its operation. After the completion of the new Building, SDHC (including its subsidiaries) can consolidate all warehouses in one location to enhance control and management of the inventories. In view of the above, the Directors consider that the terms of the Agreement are on normal commercial terms, fair and reasonable and in the interest of the Company and the Shareholders as a whole.
